

BEAUTY AND STRENGTH IN EVERY SQUARE FEET

STRUCTURE

The structural design has been constructed with Steel from well known mills such as Agha Steel/Amreli Steel etc. We have used sulphate resistant cement in the foundation and cement in the super structure, while all the Blocks used in the construction works are machine made. External plaster is in two layers, and internal surfaces plaster is in the ratio 1:4. The project is supervised by professional engineers collectively having more than 25 years of experience. Full record of quality tests and control will be available for ready reference.

FLOORING

- Imported Procelain Tiles Flooring 24"x24".
- Tile skirting 4" high.
- Stair steps in one piece marble.

DOORS

- Wooden door frames.
- Main Entrance Door Solid Panel.
- Semi Solid Doors with Malaysian skin ply.
- Imported good quality door locks or equivalent top of the line local locks.
- Good quality door beading.
